Cranial and Upper Quadrant Fascial Chains

March 17, 18, 2018 Sheridan College Brampton Presented by: Anne Hartley Assistant: Kirsty McKenzie

Course Description

A dynamic hands-on manual course designed for the therapist who wants to learn the fascial chains of the cranium and upper quadrant. The anatomy of the fascial chains and where they run will be studied. Techniques to help mobilize these fascial chains and regain range of motion in the joints, muscles and connective tissue will be demonstrated and done in partners.

Course Objectives

The participant will be able to:

Learn manual techniques for treatment of the pathology of the cranial and upper quadrant fascial chains

Assess for the dysfunctional component of the upper fascial chains

Advance their knowledge of anatomy of the connective tissue of the body

Practice manual techniques to regain motion lost by fascial restrictions

Determine pathologies that fascial restrictions can cause

COST:

Early bird (30 days before course) \$580.00.00 plus HST \$75.40 =\$655.40 After Feb 17 \$600.00 plus HST \$378.00= \$678.00

Tuition is refundable up until 30 days prior to the class. A \$50.00 processing fee applies for cancellation.
