

Neural Mobilization – Upper and Lower Quadrant

Brampton Sheridan College TBA

Presented by: Anne Hartley Feb 24, 2018

CATA approved for 3 CEU's and OAO 6 CEU's

Course Description

A dynamic hands-on manual course designed for the therapist who wants to learn new manual skills to treat neural restrictions of the upper and lower quadrant. Butler's flossing techniques for the upper limb tension techniques (ULTI) and lower limb tension techniques. (SLR, Slump). Assessment and treatment of the neural pathology will be reviewed. Mobilization of other nerves of the limbs will also be demonstrated and implemented. The techniques will be practiced in partners. Case studies will also be included.

Agenda

8:00 – 8:30	Registration
8:30 -9:00	Pathological Processes of the neural system
9:00 – 10:30	Tension Testing of the Spine and Lower Quadrant
10:30 – 12:00	Tension Testing of the Spine and Upper Quadrant
12:00 – 1:00	Lunch
1:00 – 3:00	Treatment of the Lower Quadrant with Neural Flossing
3:00 – 5:00	Treatment of the Upper Quadrant with Neural Flossing

The participant will be able to:
Review the anatomy and pathology of neural structures
Test for tension in both the upper and lower neural structures of the limbs.
Treat restrictions of the neural structures of the upper and lower quadrant

Sponsored by: GoodLIFE FITNESS

COST:

Early bird one month before starting date
\$300.00 plus HST = \$339.00
After Jan 24 \$325.00 plus tax HST=\$367.25

Please Interac E-transfer to annehartley@annehartleyagency.com
or make cheque payable to:

Anne Hartley Agency
367 Markland Drive, Toronto ON M9C 1S1

Tuition is refundable up until 30 days prior to the class. A \$50.00 processing fee applies for cancellation.
