

# *Visceral Manipulation Workshop Part 1*

March 25 and 26, 2023  
Fortius Therapy; 250, 9715  
Horton Road SW, Calgary, AB

**Presented by: Anne Hartley**

## *Course Description*

A dynamic hands-on manual course designed for the therapist who wants to learn new manual skills to assess and treat the viscera and organs of the body. It will include assessment of the viscera and organs as well as assessment of the spine that serves the viscera. A treatment protocol will be developed and manual correction for the viscera or organ will be demonstrated. The manual correction techniques will be practiced in partners.

## *Agenda*

**Saturday**

**8:00 - 8:30**

**8:30 – 12:00**

Registration

Interrelationships of the  
Viscera to the spine

History taking for  
visceral pathology

Assessment of the spine  
for facilitated segments

**12:00 – 1:00**

**Lunch**

**1:00 – 3:00**

Relationship of Mobility  
and Motility of the  
viscera or organs  
Interrelationships of the  
viscera or organs

**3:00 – 5:00**

Anatomy of the  
Stomach, Duodenum,  
Liver, Pancreas

**Sunday**

**8:30 – 12:00**

Treatment of the  
Stomach and Liver

**12:00 – 1:00**

**Lunch**

**1:00 – 3:00**

Treatment of the  
ATADuodenum and  
Pancreas

**3:00 – 5:00**

Interrelationships  
between Stomach,  
Duodenum, Liver and  
Pancreas

## *Course Objectives*

The participant will be able to:

1. Learn manual techniques for treatment of the pathology of the viscera and organs
2. Assess for the dysfunctional component of the spine in relationship to the viscera or organs
3. Advance their knowledge of anatomy of the stomach, liver and pancreas
4. Practice manual techniques to regain the mobility of the viscera or organ
5. Apply the skills directly to clinical practice.
6. Determine manual skills for the interrelationship of the stomach, liver and pancreas
